TESTIMONIAL FOR MILLSTREAM CONSULTING

Destination Logistics Pty Ltd began as a one person business in 2006. A business plan was put in place to get the Company up and going. Two years on and we had become stagnant. The business was doing great but it was difficult to visualise where we needed to go and how to get there.

Christopher Neve came by to have coffee and look at my business. I was very impressed by his previous work experience and the companies he has been involved in. Christopher has been a Director of large sales teams, he can help plan and organise your sales calls to gain maximum potential.

The most wonderful thing he did for us was he set us up with a projected profit and loss budget based on future sales. We now have something to aim for and we can see the future more clearly.

Being a Director and Owner of your own business you get caught up in the day to day operations. You may know what needs to be done but finding the time and keeping up with new trends and ideas can be difficult. Millstream can point you in the right direction and keep you on track.

I have no hesitation in recommending Millstream Consultants. They are a professional and caring Company that will only enhance your business.

Yours sincerely,
